

COMPANY PROFILE

About Us

Dwala Mining is an emerging South African contract mining and consulting company offering custom end-to-end open-cast and underground mining services.

We are 100% black, female, youth-owned and managed; with over 20 years of diverse mining experience in geology, mine production, and asset management.

Dwala means 'rock' in isiZulu, which depicts our steadfastness and commitment to the values that shape how we operate. The symbolism of longevity also represents our vision of sustained success over time, built on a strong foundation for long-term growth.

We are passionate about advancing the agenda of women's empowerment and participation within the mining sector.
